

Chest Options

Cedar Sliding Tray - A Cedar sliding tray 3" deep by half the length of the chest is an option for all chests. Rails allow the tray to slide from side to side or be removed.

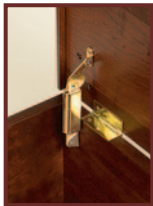

Cedar Lining - Cedar lining is available on most oak or cherry chests. Cedar protects your woolen, fur, or linen treasures from damage by moths. Chests come standard with cedar bottom, cedar lining must be ordered as an option. It is NOT available in Shaker or Mission Chests or deep storage chests.

Cedar Bottom - Chests come standard with cedar bottom as shown in the above photo. If you wish to have cedar lining it must be ordered as an option. Can also be special ordered without any cedar.

Castors - Chests come standard with castors mounted on the bottom. It provides an easy way to maneuver the chests to select places in your room. Castors are not available on: Shaker, Mission, Reproduction, Classic Panel, and Deep Storage Chests.

Hinges - Oak & cherry chests get this spring loaded support.

Hinges - Solid cedar chests get this type of lid support. It provides support for the lid when open at 90°.

Dovetails - These are available for most chests. This historical detail adds value and beauty to your chest. (Not available on Shaker, Mission and Classic Panel).
